Dear Parents

### ***PTA Objectives – September 2016 – July 2017***

The Ramsbury School PTA is a charity set up to enhance our children's school experience; to enable pupils to benefit from the wider resources of Ramsbury School; and to fund extraordinary activities and items outside of the school's normal remit by raising revenue from school and social events.

By raising funds through these social functions it in turn brings us parents together as a community. The PTA is not just about making money, but about giving something back to the children. The children benefit from all the profit that is generated from your kind support.

This year our challenge is to extend the outdoor play area within the playground by adding a play structure for the children to use during their playtime. The school's outside space is relatively small so the utilisation of any unused space will make a big difference to the children's playtime experience. Our target is £10,000.

We are looking for companies who can help us achieve this target by providing corporate matching for a class event or a fayre. Should you know of anyone or a company who would be interested in helping then please pass on our email address [lydiabecky@yahoo.com](mailto:lydiabecky@yahoo.com)

We are looking forward to a wonderful year full of fun and and social events for the children and parents.

Yours faithfully

Becky Tolputt and Lydia Leighfield  
Co-Chair of Ramsbury Primary School PTA
