

Message from Ashley de Safrin, Chair of Governors, regarding the recent OFSTED inspection

Dear Parents

It gives me enormous pleasure to tell you that, following its recent in-depth inspection, Ramsbury Primary School has again been awarded **Outstanding** status by OFSTED. The report is attached and you will see that the school has been rated Outstanding in all areas. Ramsbury was last inspected in 2009 and the criteria for remaining outstanding has, since then, become much more challenging. This is therefore a massive achievement, especially as only a small number of previously inspected Outstanding schools have retained this status.

Under Miss Price's strong and effective leadership Ramsbury Primary school has gone from strength to strength. It is a tribute to the hard work she and her whole team have put in that the school has been so successfully inspected. The Governing Body has been highly supportive of Miss Price's hard work in making the necessary changes both to the curriculum and to other areas of school life in order to satisfy and exceed OFSTED's very strict criteria.

I hope that you will want to join me in congratulating the whole of 'Team Ramsbury' on this wonderful achievement.

Part of the school's continuing strategy is to remain outstanding in everything we do.

With kind regards.

Yours sincerely,

Ashley de Safrin

Chair of Governors
